

R Bootcamp for Scientific Computing 2023

What

Each year, volunteers from the Department of Population and Public Health Sciences offer “**The R Bootcamp**.” This year, we are excited to be back to hosting this event in person. The Bootcamp consists of three lectures and will provide a general overview of the R programming language.

When

The event consists of three lectures:

	Day
Lecture 1: Introduction to R and data viz	Tuesday, August 15
Lecture 2: Data wrangling with R	Wednesday, August 16
Lecture 3: Automatic Reports with Quarto	Thursday, August 17

All sessions will be held in **SSB 114** (and on Zoom) between **1 PM and 2 PM**. The **Zoom meeting** is password-protected and password will be provided with RSVP.

RSVP and More info

Please RSVP [here](#).
