

R Bootcamp for Scientific Computing 2024

What

Each year, volunteers from the Department of Population and Public Health Sciences offer “**The R Bootcamp**.” This year, we are excited to be back to hosting this event in person. The Bootcamp consists of three lectures and will provide a general overview of the R programming language.

When

The event consists of three lectures:

	Day
Lecture 1: Intro and R Basics	Tuesday, August 20
Lecture 2: Data Visualization	Wednesday, August 21
Lecture 3: Data Wrangling and HPC	Thursday, August 22

All sessions will be held in **SSB 114** between **1 PM and 2 PM**. For those unable to attend in-person, we will also host a **Zoom meeting** (password is “USCbiostat”).

RSVP and More info

Please RSVP [here](#) (yes, it says “2021”, but we’re using it again for this year).

For more details, please visit our website <https://bit.ly/usc-rbootcamp>, or feel free to send an email to kelly.street@usc.edu.
